The objects of the Association are:

First. The advancement of the Directory business and the improvement of Directories by the interchange of ideas and the exchange of experienced employees.

Second. To provide *protection* to the public against *fraudulent advertising schemes which operate under the name of directories*, and to drive unprincipled promoters of such out of the business.

Third. To provide permanent and profitable employment to competent, industrious and honest Directory canvassers and compilers.

Fourth. For the mutual protection and advancement of the established and prospective interests of all who may become members.

$100.00 Reward will be paid by the Association for the arrest and conviction of any person or persons engaged in publishing, collecting or canvassing for any fraudulent or fake directory; provided the conviction results in imprisonment of not less than six months. In case of arrest immediately telegraph W. H. Bates, Secretary-Treasurer, 202 East 12th Street, New York.

E RECEIVE many complaints from our patrons to the effect that they are bothered so much by BORROWERS. These parties are not the private citizens nor the stranger in the city, who steps in, looks at the Directory and goes out, but merchants, business and professional men, who need a Directory every day of the year, yet who are too close-fisted to buy one.

These same individuals are the ones that BORROW your Directory "just for a minute," which, in the majority of cases, means a day or perhaps a week, unless you remember that they have it, and send for it.

These same BORROWERS will tell the Directory canvasser that he has "no use for a Directory," that he "knows everybody," and vice versa, "EVERYBODY KNOWS HIM."

BLACK TYPE

Those names in **Black Type** in this Directory represent the energy and push of the city and it is a pleasure for the publishers of this directory to have the opportunity to make the public acquainted with them through our columns.

Those in **Black Type** are the people who accomplish the wonders in business here and make the city what it is.

They recognize and support all the public necessities and things needful to improve and serve a city of Des Moines' magnitude.

They are not the drones and sponges who never support anything, but seek rather to gain by others hard work and money.

When you patronize those in **Black Type** you patronize men and firms who will patronize you in the same broad manner you patronize them.

THE SIGN OVER YOUR DOOR

Is a good thing, isn't it? You would not think of doing business without it.

But it is only seen by those who pass your way.

If you could put a sign where everyone could see it would it interest you?

The City Directory

Is where people look for you when they want to do business. You should make it easy for them to find you by putting such information as a buyer wants, in the Directory properly indexed under all classifications where he might look for you.

To be properly registered costs less than to be left out.

It will pay you to send for the City Directory Advertising Man.
